

## Health & safety

- ★ LEVEL 3 PAEDIATRIC FIRST AID TRAINED
- ★ FIRE SAFE PROPERTY
- ★ TOILETS ON SITE

For the safety and wellbeing of all babies and parents, we follow strict health and safety guidelines and ask everyone to do the same—keeping the space safe, clean, and welcoming for all.

What we ask of parents/carers:

- Supervise your baby at all times.
- Wash or sanitize hands on arrival.
- Keep your little one at home if they're unwell.
- Use equipment and toys gently and safely.
- Follow any additional guidance from our staff during the class.
